DETAILED ACTION

1. Papers filed 04/27/06 and 05/23/06 have been received. Accordingly claims 1-48 are pending in the application.

Election/Restrictions

2. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

- Group I, claims 1-11, 13-27, 42-44, drawn to a memory cell as illustrated in figure 7.
- Group II, claim 12, drawn to a memory cell as illustrated in figure 11.
- Group III, claims 28-35, drawn to a layout in an L-shaped region of a memory cell as illustrated in figure 26.
- Group IV, claims 36-41, drawn to a memory cell array including memory cells inverted in three directions as illustrated in figure 31.
- Group V, claim 45, drawn to a method of performing a reading in a semiconductor memory device as illustrated in figure 8.
- Group VI, claims 46-48, drawn to a method of performing writing in a semiconductor memory device as illustrated in figure 9.

3. The inventions listed as Groups I-VI do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or

corresponding special technical features for the following reasons: Groups I and II are directed to two distinct memory cells with different structures. Group III and IV are directed to different ways of layout memory cells in memory arrays. Groups V and VI are directed to different methods of operating including reading and writing in memory devices.

4. Applicant is advised that the reply to this requirement to be complete must include (i) an election of a species or invention to be examined even though the requirement may be traversed (37 CFR 1.143) and (ii) identification of the claims encompassing the elected invention.

The election of an invention or species may be made with or without traverse. To preserve a right to petition, the election must be made with traverse. If the reply does not distinctly and specifically point out supposed errors in the restriction requirement, the election shall be treated as an election without traverse.
